PREFATORY NOTE

The Alumni Association aims to record happenings and achievements in the lives of men and women who have attended Iowa State College.

For years the Association officers have been collecting and filing biographic material about alumni but lack of funds has delayed editing and publishing. Dr. R. M. Hughes, upon his retirement from the presidency of the College in 1936, did much of the preliminary editing and later arranged for the publication of this biographic directory of class members graduated by Iowa State College from 1872 through 1889. It is to be regretted that it was not possible, also, to publish information about the scores of men and women who enrolled at Iowa State but left, under pressure of circumstances, and either went into active life without degrees or finished work for degrees elsewhere.

Compilation of these biographic sketches has entailed considerable work. Every living graduate referred to in the classes above was urged to furnish personal information used as the basis for his or her sketch. Often it was possible to incorporate supplementary material. When finally completed the sketch was returned to the graduate for verification. In the case of deceased persons, relatives or close friends were asked to furnish the original material and to verify the completed sketch. For some individuals college records revealed the only available information.

In the preparation of material for this volume errors, typographical as well as biographical, may have crept in. We will appreciate receiving even the slightest correction and will carefully preserve the same for use in future editions.

Much work has already been done on the preparation of material for graduates from 1890-1908. It is hoped that funds may be available so that these sketches can be completed and published within a year or two.

To Dr. Hughes and to Miss Elizabeth Tierman, of the alumni office staff, goes major credit for the present publication. Dr. Hughes' counsel, encouragement and financial aid made it possible. The patience and persistence of Miss Tierman brought it to completion. We should acknowledge also that through NVA help, assigned to the alumni office by college officers, we were able to prepare the copy without increasing other Association responsibilities.

Dear Doctor Hughes:

The list of B.S. degrees granted through 1890 - 1899 is as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>1890</td>
<td>39</td>
</tr>
<tr>
<td>1891</td>
<td>39</td>
</tr>
<tr>
<td>1892</td>
<td>57</td>
</tr>
<tr>
<td>1893</td>
<td>60</td>
</tr>
<tr>
<td>1894</td>
<td>63</td>
</tr>
<tr>
<td>1895</td>
<td>70</td>
</tr>
<tr>
<td>1896</td>
<td>48</td>
</tr>
<tr>
<td>1897</td>
<td>32</td>
</tr>
<tr>
<td>1898</td>
<td>86</td>
</tr>
<tr>
<td>1899</td>
<td>76</td>
</tr>
</tbody>
</table>

The classes of 1886, 1887 averaged about 6 to the page. That is partly because we were unable to uncover any information on many of the degree holders. I believe that will be true to a lesser degree in the group we are about to attack.

I hope this gives you the information you were inquiring about yesterday.
